

Manni-Plex[®] K

Foliar Nutrient Supplement

GENERAL RECOMMENDATIONS

Manni-Plex products are specifically formulated for foliar delivery of nutrients.

Fruit Tree and Vegetable Crops

Use 2-5 quarts MANNI-PLEX K per acre per application. When applying MANNI-PLEX K on vegetable crops, use a sufficient volume of water to ensure thorough coverage. A minimum of 10 gallons per acre is recommended.

Soil Application

Can be made pre-plant or side-dressed at a rate of 1-4 gallons per acre.

MANNI-PLEX K may effectively be applied with many agricultural chemicals. For unfamiliar tank mix combinations sufficient evaluation to determine efficacy and crop safety may be warranted. Avoid tank mixing with phosphate and/or excessively alkaline based fertilizer solutions. Use a minimum 10 gallons of water per acre with ground spray equipment and a minimum of 5 gallons for aerial application. Optimum rate of application will vary depending on your soil properties such as soil pH, organic matter content, soil texture, weather conditions, time of year, general crop health and species. For best results, follow soil test or plant analysis recommendation.

Mixing Instructions

Put 1/3 to 2/3 of total desired water volume in tank. Add adjuvant(s) if desired and agitate until thoroughly mixed. Add desired amount of MANNI-PLEX K and agitate until thoroughly mixed. Add pesticide(s) if desired and agitate until thoroughly mixed. Fill tank with remainder of desired water. A jar test is a good field practice for evaluating compatibility of multiple chemical mixtures. **CAUTION: MANNI-PLEX K has a pH between 12-13 and may not be compatible with pesticides degrade in alkaline conditions.** Check compatibility with chemical mixtures especially non-chelated micronutrients.

Weight per gallon: 11.1 lbs

Freezing temperature: 32°F. pH: 12-13

CAUTION: KEEP OUT OF REACH OF CHILDREN

CAUTION: Harmful if swallowed. Avoid contact with skin, eyes and clothing. Causes eye irritation. Avoid breathing spray mist. Wash hands after using thoroughly after using. In case of eye contact, flush eyes with water for at least 10 minutes and get medical attention.

STORAGE AND DISPOSAL: Do not contaminate water, food, or feed by storage or disposal. Store in a cool, dry, locked area out of reach of children. Protect from excessive heat or cold. Triple rinse (or equivalent) and dispose of container in accordance with local, state and federal regulations.

Warranty: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use; but neither this warranty nor any other warranty of merchantability or fitness of a particular product expressed or implied, extends to the use of this product contrary to label conditions, or under conditions not reasonably foreseeable to the seller; and buyer assumes the risk of any such use.
